

TRANSFER STUDENTS

What is a transfer student and how do I know if I'm a transfer student?

IT'S ALL ABOUT WHERE YOU LIVE

- If your residence is the **green** area, then you live in the Hallettsville ISD and you are NOT a transfer.
- If you live in the **pink** area, you live in the Ezzell ISD
- If you live in the **orange** area, you are in the Sweet Home ISD
- If you live in the light yellow area, you live in the Vysehrad ISD
- You **MUST** complete transfer papers if you do not live in the green area. If they are not completed and returned to the HHS office by April 30th, you will not be able to attend HISD.
- If you live in any other district....Yoakum, Shiner, Moulton, Rice etc., you will need to **apply** for a transfer into our district by April 30th.
- See me for transfer papers at the end of this meeting.

DISTRICTS WITHOUT A HIGH SCHOOL

- Vysehrad, Ezzell and Sweet Home do not have a high school so students who reside in these districts can attend school at HHS. Their home district will be responsible for paying HISD for their transfer tuition.
- These families **MUST** provide proof of residence by supplying a copy of a current utility bill or lease agreement (if renting). The property address must be on this document.
- We do verify every residence.

DISTRICTS WITH A HIGH SCHOOL

- If you reside in any other school district such as Shiner, Moulton, Yoakum, Victoria, or Rice Consolidated you are invited to complete the transfer paper work and it will be reviewed by our administration. You are not guaranteed to be accepted.
- If your is accepted and the student turns into a discipline or attendance problem, your transfer will be revoked immediately and you will have to go to school in your home district.

TRANSFERS ARE DUE

- All transfer paper work is due April 30th. We will NOT accept late transfers. The new transfer forms and an open window for accepting transfer applications was a decision that was put in place by our school board.
- In addition to the transfer form, all documents listed on the transfer form must be included. Applications that are incomplete will not be accepted.
- Knowing the total number of transfer students that are interested in attending HHS will allow us to plan and control class sizes to meet the needs of all students.
